Meet Liz Jack Candidate for Sixth Circuit Court Judge

After earning her law degree from the University of Chicago in 1998, Liz Jack worked as a federal law clerk in Tampa, followed by a stint at the Hillsborough County State Attorney's Office. She moved to Pinellas and began working as an assistant state attorney in Bernie McCabe's office. As a career prosecutor, she has fought for justice for some of our most vulnerable citizens, including the elderly, children, and families affected by violent crime. She has extensive trial experience, including in complex cases such as circumstantial murder and white collar fraud. Liz has been instrumental in coordinating law enforcement's response to the problem of unlicensed contracting in our community, as well as other financial crimes.

Liz's career has been shaped by her personal experiences. When her now teen-age children were very young, she went through a divorce in family court. This major life event led to her studying and working at USF St. Petersburg, to better understand coparenting and family dynamics. She helped to launch the graduate certificate program in infant mental health, and obtained a grant to bring trauma-informed interventions to families with young children in the child welfare system, planting the seed for Early Childhood Court in the 6th Circuit.

Liz has worked hard to earn the respect of her colleagues in the legal, law enforcement, and child welfare fields, and she will work hard for all of us as a judge. She has dedicated her career to public service, and it is time for her to have a broader impact on our community by serving in the important role of judge.
